HOOFLAND'S GERMAN BITTERS A Bitters without Alcohol or Spirits of any kind.

Is different from all others. It is composed of the pure Juices, or Vital Principle of Roots, Herbs and Barks, (or, as medicinally termed, Extracts,) the worthless or inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The roots, etc., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this city, where they are compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others. No desire for stimulants can be induced from their use; they cannot make drunkards, and cannot under any circumstances have any but a beneficial effect.

HOOFLAND'S GERMAN TONIC

Was compounded for those not inclined to extreme bitters, and is intended for use is cases whose some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, somblined with pure SANTA CRUZ. BUM, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration that the atinulant used is gonaranteed to be of pure quality. A poor article could be furnished at a cheaper price; but is it not better to pay a little more and have a good sricke? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be benefitted by it, will most certainly be cheated.

HOOFLAND'S

GERMAN BITTERS:

HOOFLAND'S

GERMAN TONIC;

HOOFLAND'S PODOPRYLLIN PILL

WILL CURE YOU.

They are the Greatest Blood Purifiers Known

To the medical world, and will eradicate disease srising from impure blood, Debuity of the Digestive Organs, or Diseased Liver, in a shorter time than any other known reinedles.

Ifind Hoofland's German Bitters is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system. Yours, truly, GEORGEW. WOODWARD.

I consider Hooftsnd's German Bitters a valua-ble medicine in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experi-ence of it. Yours, with respect.

I nave used Hoofland's German Bitters and Tonic in my family during the past year, and can recommend them as an excellent tonic, imparting tone and vigor to the system. Their use has been productive of decidedly beneficial effects.

Hon. James M. Wood, ex-Mayor of Williamsport

Pa.: I have great pleasure in recommending Hoof-land's German Tonic to any one who may be at-flicted with Dyspepsia. I had the Dyspepsia so badly it was impossible to keep any food on my stomach, and I became so weak as not to be able to walk half a mile. Two bottles of Tonic ef-fected a perfect cure. JAMES M. DR. HOOFLAND'S

PODOPHYLLIN

Or Substitute for Mercury Pills.

TWO PILLS A DOSE. The most powerful, yet Innocent, Vegetable Cathartic known.

It is not necessary to take a handful of these Pilis to produce the desired effect. Two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels, of all impurities. The principal ingredient is Podophyllin, or the Alcoholic Extract of Mandrake, which is by many times more powerful, acting and searching, than the Mandrake itself. Its peculiar action is upon the Liver, cleaning it speedily from all obstructions, with all the power of Mercury, yet free from all the injurious results attached to the use of that mineral.

For all diseases in which the use of a cathartic

of that mineral.

For all diseases in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They NEVER FAIL.

In cases of Liver Complaint, Dyapopsia, and extreme Countyeness, pr. Hoofand's German Bitters, or Tonic, should be used in connection with the Fills. The tonic effect of the Bitters, or Tonic, builds up the system. The Bitters, or Tonic, purifies the blood, strengthens the nerves, regulates the Liver, and gives strength, energy and vigor.

Kep your Bowels selive with the Pills, and tone up the system with Bitters, or Tonic, and no disease can retain the hold, or even assaul you. Recollect that it is Dr Hoofland's German Rem. Recollect that it is Dr Hoofland's German Remedies that are so universally used and highly recommended; and do not allow the druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These remedies will be sent by Express to any locality upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE. STORE, GERMACH STREET, PHILADELPHIA.

THE BULLETIN.

Publication Office, Builetin Building, Washington Avenue.

Says the Matoon Journal, one of of the features of the Illinois Central railroad is its great fruit trains, run during the summer season from the Cannan of Southern Illinois, flowing with peaches and cream, to Chicago, to market all kinds of fruit and vegetables. No where else in the world, but in the "Ganton State." can this kind of a special fruit anyress be found. But daily it thunders next ward through our city now, almost a mile a minute with its rich freight. Sunday morning a train of 15 cars passed up, and in the evening a train of 20 more, loaded almost wholly with peaches. The Sunday before, 36 carloads passed through.

The Memphis Sunday Appeel says:

"The most gigantic specimen of grape vine that has ever been seen in this city is at present on exhibition in the Chamber of Commerce. It was sent here by J. T. Trezevant, from Augusta, Arkansas, where such gigantic growths are very common. It measured nine and a half inches in diameter. Augusta sends out about 20,000 bales of cotton every year, the country around there being the lichest in the world. The Memphis and Kansas City railroad is projected through there, as also the Cairo and Fulton. If Memphis does not look sharply to it she will lose the trade of this exceedingly rich region, which will go toward St. Louis by means of the Cairo road."

CONSUMPTION.

BY DR. J. H. SCHENCK, M. D.

Many a human beaut has passed away for whose death there was no other reason than the neglect of known and indisputative preven means of cure. These near and dear to family and friends are sleeping the dreamless stumber into which, had they cashily adopted

many is assailed. Two thirds of the cases consumption originate in dyspepsia and a funtionally disordered liver. With this conduct the bronchial tubes "sympathize" with it stomach. They respond to the morbid action of the liver. Here then comes the columnating result, and the setting in, with all its distresting symptoms of

CONSUMPTION.

"LEAVE NO STING BEHIND."

The work of cure is now beginning. The vitta-ted and nuccous deposits in the bowels and in the alimentary canni are ejected. The liver, like a clock, is wound up. It arouses from its torpid-ity. The stemach acts responsively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD.

GIVEN UP AS LOST.

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room tool they get well; it is aiment impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cura can not be effected. Fresh air and riding out, especially in this section of the country, in the fall and winter season, are all wrong. Physicians who recommend that course, loss their patients, if their lungs are badly diseased; and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great doal to do with the appetite, and is the great point to gain.

To despair of care after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

The Sea-weed Tonic, in conjunction with the Polis, permeates and assimilates with the food. Chylification is new progressing without its previous toriures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flattience, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet, given by an indulgent father to suffering manschance. Pulmonte Syrup cames in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature can not be chested. It collects and ripons the impaired and diseased portions of the image. possibility in the worst cases, and moral centainty in all others, is aintil. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws. I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

"Assoon as that began to subside, my cough, fever, pains, and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in feab ever since.

"I was weighed shortly after my recovery," added the Doctor, "then looking like a more skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five 122b pounds, and for years I have enjoyed uninterrupted health."
